## PROTECTION AND WORK CENTER NOVO MESTO

Protection and work center is a public social institution  
with 170 people as users and 91 people employed.

Institution provides security to adult people with mental  
and physical disabilities. We take care for our users and  
their relatives, socialization and assistance in integration  
into the real social environment.

Our goals are:

- ✓ care and protection for our users,
- ✓ enabling satisfaction, pride and success,
- ✓ training for as an independent life as possible.

Institution provides adult people with mental and physical disabilities two basic services:

## 1. Management, protection and employment under special conditions

The goal is enabling to maintain the acquired and expand new knowledge and working skills, stimulate a sense of usefulness and self-affirmation.

Basic areas of work:

- ✓ cooperation works,
- ✓ own programme,
- ✓ integrated employment,
- ✓ housework.

Additional activities: different sports activities, cooking workshops, dancing, celebrations, visiting theatre performances, etc.

## 2. Institutional care

Accommodation replaces beneficiaries and provides the function of home or own family. It includes basic care and social care, health care and physiotherapy treatment.

### Housing unit

Daily work:

- ✓ Taking care of the household
  - ✓ Gardening
- ✓ Afternoon activities: playing games, singing, hiking, dancing, sport activities, etc.

## Workshop spaces

Users are actually employed under special conditions and are working in different working units, that are adapted to their level of mental and physical abilities.
